ARUSHA & TARANGIRE & LAKE MANYARA & NGORONGORO – TANZANIA

YOUR STAY IN TANZANIA - 5 NIGHTS (02 Night in Arusha + 03 Nights in Karatu)

Tanzania is an East African country known for its vast wilderness areas. They include the plains of Serengeti National Park, a safari mecca populated by the “big five” game (elephant, lion, leopard, buffalo, rhino), and Kilimanjaro National Park, home to Africa’s highest mountain.

Arusha is a city in East Africa's Tanzania, located at the base of volcanic Mt. Meru. It's a gateway to safari destinations and to Africa's highest peak, 5,895m Mt. Kilimanjaro, lying some 100 kilometers northeast. To the west lies Serengeti National Park, home to wildlife including lions, rhinoceros, giraffes and leopards. Annual migrations feature huge herds of wildebeests crossing its plains.

Tarangire National Park is a national park in Tanzania's Manyara Region. The name of the park originates from the Tarangire River that crosses the park. The Tarangire River is the primary source of fresh water for wild animals in the Tarangire Ecosystem during the annual dry season.

Lake Manyara is the seventh-largest lake of Tanzania by surface area, at 470-square-kilometre (180 sq mi). It is a shallow, alkaline lake in the Natron-Manyara-Balangida branch of the East African Rift in Manyara Region in Tanzania. The northwest quadrant of the lake (about 200 sq, km.) is included within Lake Manyara National Park and it is part of the Lake Manyara Biosphere Reserve.

Ngorongoro Conservation Area is in northern Tanzania. It's home to the vast, volcanic Ngorongoro Crater and “big 5” game (elephant, lion, leopard, buffalo, rhino). Huge herds of wildebeests and zebras traverse its plains during their annual migration. Livestock belonging to the semi-nomadic Maasai tribe graze alongside wild animals. Hominin fossils found in the Olduvai Gorge date back millions of years.

TRANSFER

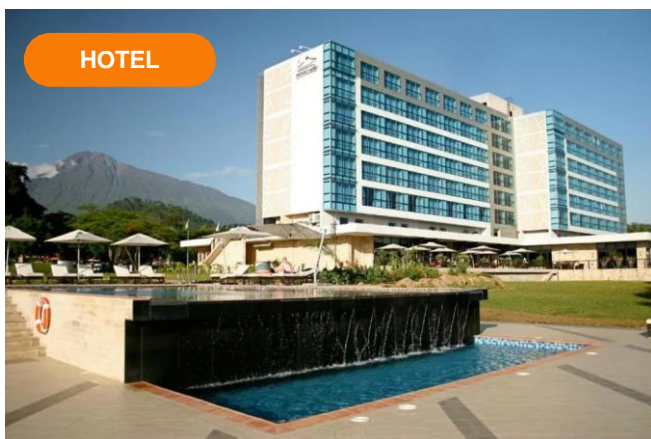

AIRPORT TRANSFER
